About Me

Aspiring Full Stack Developer with expertise in Python, Flask, React, SQL, and REST APIs. Passionate about building scalable web applications, optimizing backend performance, and contributing to innovative projects. Seeking opportunities to apply my technical skills in a dynamic environment.

Education

Visvodaya Engineering College, Kavali   Aug 2021 – May 2025
B.Tech, AIML, PERCENTAGE: 80

Sri Sai Junior College, Kavali   Jun 2019 – Mar 2021
HSC, Science Stream, CGPA: 8.4/10

Municipal High School, Kavali   Jun 2018 – Mar 2019
SSC, General Studies, CGPA: 8.0/10

Internship Experience

Java Full Stack Developer Intern, WIPRO   May 2024– Sep 2024

- Developed and maintained web applications using Java, Spring Boot.
- Designed and optimized RESTful APIs to improve backend performance by 30%.
- Integrated JWT-based authentication and Spring Security for secure user access.
- Collaborated with cross-functional teams to ensure seamless front-end and back-end integration.

Projects

Speech-to-Text and Translation Web Application

- Built a web application that transcribes user speech into text and translates it into multiple languages.
- Implemented using Flask, Google Cloud APIs, HTML, CSS, and JavaScript.
- Achieved 85% accuracy in real-time speech recognition, enhancing system efficiency and user experience.

Code Champ Online Compiler

- Developed a web-based code compiler supporting multiple programming languages with real-time execution.
- Designed an intuitive React-based UI and optimized backend using Spring Boot.
- Implemented Docker containers for isolated and secure code execution.

Skills

Programming Languages : Python, Java,JavaScript
Front-end : HTML, CSS,
Front-end Frameworks & Libraries : React
Back-end : Flask
Databases : SQL

ACHIEVEMENTS

- Participated Seminars in PBR VITS college, KavaIi
- Participated in a seminar at Geethanjali Institute of Science And Technology Gudur,Nellore district.
